

To sponsored students who completed the K.C.S.E.

CHaCHaCHi organization would like to inform all sponsored students who finished K.C.S.E. that they have to contact us and ensure that all learning materials provided to them during their time of study be brought back to Jackline after the completion of the High School.

We are expecting a copy the **K.C.S.E result slip** and **all stationeries** that were given to them.

For any further support, students are requested to write an **application letter** by e-mail to Heidi with a copy to Jackline. In this letter they will have to make a list of the courses they would like to visit, with their first choice on top. CHaCHaCHi needs detailed information (prospectus, fees, location, duration etc.) about all the courses. We also require some proof that a student will be able to get a job after finishing the courses in the specific field (former student with a job etc.).

In the application letter, each student has to mention what he/she did since November after finishing K.C.S.E. For that, they have to fill out the **work certificates** they will be given by Jackline. We want each student to **work for at least 4 to 6 months** before being considered for any further support.

At this level of education, CHaCHaCHi provides the students with **loans** which have to be paid back after finishing the studies or courses. We cannot give you any guarantee neither that you will be considered nor that we can give you loans for more than 2 years, because our funds are limited.

HELB application is a must for University students!

Furthermore each student has to make some research (physically and in the internet) about other reliable organizations which are offering scholarship / loan for students. He / she has to apply for support to at least 3 valuable organizations and indicate us the names and the contact of these organizations.

Wish you all the best

Heidi Brenner
